

## SolarInvert Energy Solutions

# 3VCR17450 cylindrical lithium battery

## Overview

---

High Energy No Passivation Lithium Manganese Dioxide Cylindrical Battery, Li-MnO<sub>2</sub> Battery CR17450 Lithium Battery, high energy density battery, 2200mAh 3.0V 4/5A, non-rechargeable lithium battery CR17450 3V for security alarms, Utility Metering, lightning strike counter. What is HCB cr17450 3V Lithium battery?

HCB offers quality CR17450 3V lithium battery to clients all over the world. Our lithium battery CR17450 3V series has a high voltage response, energy density up to 830Wh/l, wide operating temperature range, and low self-discharge rate. Get lithium battery CR17450 3V catalog Now!.

What is GP lithium battery cr17450?

With GP Lithium battery CR17450, you will never be tied down by powerless moments. Designed by industry experts to deliver power that lasts, while lithium technology ensures your devices run with constant peak efficiency throughout the battery life. Suitable for smoke detectors, motion sensors, water meters and more.

Which battery cr17450 3V protection plate is suitable for a smart water meter?

At the same time, the product uses lithium battery CR17450 3V protection plate, suitable for most micro-batteries. Smart water meters are suitable for mistreatment equipment, such as air compressors, air pumps, etc. Available as solar energy, lithium batteries, power sources and various types of microcontrollers.

Why is the cr17450 battery rust resistant?

Puncture Resistant Case. The shell of the CR17450 Battery is designed to protect the internal components from sharp objects, adding durability in transport and use. Corrosion Resistance. The terminal and the shell are rust-resistant, so you don't lose power from the wrong connection, even in wet conditions.
