

## SolarInvert Energy Solutions

# Beijing new supercapacitor purchase

## Overview

---

Company profile: LICAP is a world-class, market-leading manufacturer of ultracapacitors and lithium-ion capacitors. Through the continuous research and development of new.

Company profile: Founded in 2012, CRRC NEW ENERGY is a global supplier of power storage technology products and solutions. CRRC NEW ENERGY has long been committed to providing advanced power energy storage devices and energy storage system.

Company profile: Broad New Energy Technology Company as a company in top 10 supercapacitor companies in China, focuses on providing high-quality professional power and energy storage, communication base station power supply and solutions. After.

Company profile: Supreme Power Solutions has collected the massive professionals in the field of energy storage, and strives to provide the world's top high-power.

Company profile: Zhongtian Supercapacitor Technology (ZTUC) started from supercapacitor division of Zhongtian Energy.

Who makes supercapacitor in China?

Kamcap is one of the leading supercapacitor manufacturers in China. We supply high-quality ultracapacitors, including coin type supercapacitor, winding type supercapacitor, combined type supercap capacitor, module supercaps, high temperature supercap and hybrid capacitor.

What is the growth rate of China's supercapacitor market?

Supercapacitors have developed rapidly in China over the past decade. According to statistics from the China Supercapacitor Industry Alliance (CSIA), the compound annual growth rate (CAGR) of China's supercapacitor market reached 35% between 2015 and 2020 (1).

What is China supercapacitor industry alliance (CSIA)?

The China Supercapacitor Industry Alliance (CSIA), under the Ministry of Industry and Information Technology (MIIT), was established in December 2016 to provide a platform for exchanges and joint development for players in the field in China (10). To date, the platform has 176 members including the aforementioned players.

What makes LICAP a top 10 supercapacitor company?

One of top 10 supercapacitor companies LICAP has always been committed to the development and production of energy storage solutions with market-leading levels. All along, through continuous research and development and improvement of its own technology, it has met the growing demand for energy storage in the market and various applications.

Who makes China's first supercapacitor streetcar?

In this segment, Shanghai Aowei is the leader (13). There is also the state-owned company CRRC, which specializes in transportation. The latter developed China's first modern supercapacitor streetcar in 2016 in Zhuzhou, Hunan province, and then commercialized in the cities of Guangzhou (Canton) and Huai'an (14).

Which SuperCap is best for a supercapacitor?

Kamcap super capacitor, your best choice for supercapacitor! Coin cell supercaps are from 0.047 Frad 5.5V to 1.5 Frad 5.5V, including type C, type H and type V supercap types. The performance characteristics of 0.047F ~1.5F 5.5 V ultracap are standard energy series.
