

SolarInvert Energy Solutions

Benin sells to photovoltaic panel manufacturers

Overview

Who is building Benin's biggest solar power plant?

Eiffage Énergie Systèmes is building Benin's biggest . Beninese Electrical Energy Company SBEE has appointed Eiffage Énergie Systèmes' teams (and teams from our subsidiary RMT in particular) to build a photovoltaic solar power plant and a high-voltage bay enabling the plant to be connected up to the national power grid.

How reliable is electricity in Benin?

A 2020 survey in Benin revealed that 40% of the population experienced consistently reliable electricity service. Conversely, 5% reported inconsistent or non-existent electricity despite being connected to the grid. A significant majority, 55% of those surveyed, lacked any connection to the national power grid. 4.

Will defissol help Benin reduce its energy bill?

Onigbolo power plant construction project, known as Defissol, is co-funded by the European Union (EU), French Development Agency (AFD) and the SBEE. It should allow Benin to reduce its energy bill, while enhancing the value of renewable energies.
