# Bishkek new energy photovoltaic solar panels

#### **Overview**

Where is Kyrgyzstan building a new solar power plant?

Kyrgyzstan has launched the construction of a new solar power plant in the Kemin district of the Chui region, approximately 100 kilometers east of the capital, Bishkek. The plant will have a capacity of 100 MW and is expected to generate 155 million kWh of electricity annually.

What is a solar power plant in Astana?

The solar power plant is installed as a source of a backup power system in the city of Astana for one of the enterprises. For the station used 40 photovoltaic modules by New-Tek LLC, model GRADE A+ NET 255-60P, a power of 255W each. The total capacity is 10.2 kW.

Where is a 300 MW photovoltaic power station being built?

Bishkek, 21 May 2024. The Eurasian Development Bank (EDB) and Bishkek Solar have signed a cooperation agreement to finance the construction of a 300 MW photovoltaic power station in Toru-Aigyr village, Issyk-Kul Region, Kyrgyz Republic. The signing ceremony took place on 21 May in Bishkek, Kyrgyzstan.

Will EDB build a hydropower plant in Kyrgyzstan?

The power plant will fully comply with international environmental and technical standards," said Denis Ilin, EDB Senior Managing Director. In the meantime, the lender is also participating in a project to build and operate the USD-127-million Kulanak hydropower plant in Kyrgyzstan. (USD 1.0 = EUR 0.923).

Will EDB's Kulanak power plant comply with international standards?

The power plant will fully comply with international environmental and technical standards," emphasised Denis Ilin, EDB Senior Managing Director. The EDB is also implementing a project for the construction and operation of

the Kulanak HPP, worth up to US \$127 million.

How many photovoltaic panels are used for a solar power station?

For station used 40 photovoltaic panels from the company New-Tek LLC, model GRADE A+ NTE 255 60P, capacity 255 watts each. A roof-based solar power station is installed on an aluminum fixing structure from Future Power Solution Company. Future Power Solution Company has carried out all necessary installation work.
