Boston Solar System

Overview

Who is Boston Solar?

New England's Leading Solar Installer The Boston Solar Team has delivered customized solar energy solutions to over 6,000 households in New England for the past 13 years. Recently, we have expanded into the commercial market, completing projects for small businesses and even the iconic Fenway Park, home of the Red Sox.

What is solar systemtm Boston?

Solar System™ Boston is the result of a collaboration between Greenovate Boston, the City of Boston's Department of Innovation and Technology, and Mapdwell®. To view Solar System™ Boston, please visit .

Does Boston Solar install solar?

From financing to design and installation, Boston Solar does it all. Our in-house installers are licensed and certified, meaning you can rest assured that your solar meets the most rigorous standards. Download the Boston Solar complete guide to going solar and get answers to all your questions about solar energy.

Is Boston State-House the hub of the Solar System?

The line from 'Autocrat of the Breakfast Table' is 'Boston State-House is the hub of the Solar System'. One commenter notes that 'universe' for 'solar system' can be overlooked, but 'Boston' for 'Boston State-House' is unpardonable.

Why should you choose Boston Solar?

Boston Solar takes a unique, New England pride in helping homeowners and business owners reduce their carbon emissions through custom solar installation. In fact, in our 8 years in business, solar systems we have installed over 4,000 solar energy systems, totaling 33,000 kW. That's enough to

generate more than 30 MILLION kWh a year!.

How much solar power does Boston have?

The tool has mapped all 127,000 buildings in Boston for their solar potential and found that Boston has a potential for 2.2 GW (gigawatts) of solar power.
