

### **SolarInvert Energy Solutions**

# Brunei energy storage project capacity

#### **Overview**

Chairman of the Zhejiang Hengyi Group Qiu Jianlin, stated that Project SINAR aims to reach a total capacity of 476 MWp over three phases. How much solar power does Brunei have?

According to the International Renewable Energy Agency (IRENA), Brunei's cumulative installed solar capacity stood at 5 MW at the end of 2024, unchanged since 2021. Brunei aims to reach 30% renewable energy in its electricity mix by 2035. This content is protected by copyright and may not be reused.

Could solar projects be a blueprint for Brunei?

The development of solar projects, akin to those by SolarBank, may serve as a blueprint for Brunei as it builds its renewable energy capacity. By leveraging community solar projects and exploring collaborations with international entities, Brunei can accelerate its renewable energy transition.

Does Brunei have a sustainable future?

Brunei is targeting 30% renewable energy in total power generation mix by 2035, with 200 MWp of solar energy by 2025. The launch event also saw the release of Hengyi's 2023 ESG Report, which highlights their progress in environmental sustainability, social responsibility, and governance.

Will Brunei focus on solar energy as a primary renewable resource?

As part of this transition, Brunei will likely focus on solar energy as a primary renewable resource, given the global trends and technological advancements in this sector. For instance, companies like SolarBank Corporation are making strides in solar power development.

Who owns a 30 MW solar park in Brunei?

A 30 MW solar park is under development in Brunei. Seri Suria Power (B) Sdn. Bhd., a newly formed joint venture, will build and operate the project. The

company is owned by Atlantic Blue Sdn.

What is Brunei's largest solar installation?

Once operational, the facility will be Brunei's largest solar installation and the country's first developed under a public-private partnership. According to the International Renewable Energy Agency (IRENA), Brunei's cumulative installed solar capacity stood at 5 MW at the end of 2024, unchanged since 2021.
