

SolarInvert Energy Solutions

Castrie Home Inverter

Overview

What is a C&I inverter?

With advanced features like multiple Maximum Power Point Trackers (MPPT), high input current capabilities, and robust safety protections, GoodWe's C&I inverters ensure optimal energy yield and seamless integration into any grid-tied solar project.

What makes goodwe a good solar inverter?

Prioritizing safety, GoodWe's PV building materials feature structural waterproofing, wind proofing, and high impact resistance. GoodWe is a leading solar inverter manufacturer specializing in residential and commercial solar inverters ranging from 0.7kW to 250kW.

What is a MV station & a string inverter?

GoodWe's utility product line, including string inverters and Medium-voltage (MV) Station, showcases advanced and high-performance solutions for large-scale solar installations. These products prioritize grid stability, energy efficiency, and seamless integration, contributing to the transition to sustainable and intelligent energy systems.

What is a C&I grid-tied inverter?

GoodWe's C&I grid-tied inverters are designed to deliver high efficiency and reliability. These inverters support a wide range of power capacities, making them ideal for various commercial and industrial applications.

Castrie Home Inverter

Castrie Modular Uninterruptible Power Supply UPS

Micro Inverter Technology for Panel-Level Optimization Each micro inverter in our lineup connects directly to a single solar panel, maximizing output by eliminating mismatch losses. This design
