

Cold chain container comes with generator

Overview

Who makes gensets for reefer containers?

Corporated with Shanghai CIMC Generating Set Co., Ltd, our team with professionals with nearly 30 years experience of in designing and manufacturing gensets for reefer containers guarantee tight and efficient quality control as well as manufacturing process.

What gensets can I use outside of North America?

Undermount or flex mount The SG-3000e by Thermo King is a robust, highly reliable genset fit for use in areas outside North America, Europe or China. Thanks to SG-3000e's 30.1 horsepower engine, you can power any ISO from this genset. One generator set compatible with your entire fleet!.

Which Thermo King genset is the most environmentally friendly?

Thermo King's SG-5000c is the most environmentally friendly unit on the market. With this model, you have a genset that is CARB-compliant. As a result, you can focus on making the most of current and future operations. SG-5000c is already set up for the potential none-idling regulations with its advanced control system and standard telematics.

What are the features of a generator set?

Collision-resistant as the generator set is completely welded steel structural assembly designed to take $\geq 5g$'s acceleration forces in all directions. 3. Fuel duration: 10+ days. 4. Cycle run system to lower fuel consumption by 30%-40% 5. Cloud monitoring system for remote monitoring, diagnose and maintenance. 6. Fire-proof system. 7.
