Cube outdoor power supply

Overview

What is a 4 outlet outdoor power cube?

The 4 outlet outdoor power cube by DETA is the ideal power solution for your home and outdoor areas. It is built with a durable, IP44 rated casing with spring-loaded covers over each outlet to protect against dust and water. This power cube includes a 1.4 metre mains cord to bring power to wherever you need.

How does a power cube work?

It is built with a durable, IP44 rated casing with spring-loaded covers over each outlet to protect against dust and water. This power cube includes a 1.4 metre mains cord to bring power to wherever you need. The bottom of the power cube features a hook, a magnet, and a tripod screw hole allowing for many ways to mount the power cube.

Can the efoy procube be used outside?

The box is suitable for outdoor use and is pre-configured so it can be customised to specific requirements by selecting the relevant size of EFOY Pro, fuel cartridge and battery. The EFOY ProCube can be used temporarily, e.g. on construction sites, or permanently in hard-to-access areas.

What can the efoy procube be used for?

The EFOY ProCube can be used temporarily, e.g. on construction sites, or permanently in hard-to-access areas. This complete energy solution is perfect for applications outdoors and for covert operations. In hybrid mode, the EFOY ProCube can be used as a back-up or as an extension for solar energy systems, for example. EFOY ProCube technical data
