Djibouti City Communication Network Base Station 125kWh

Overview

How many cable landing stations does Djibouti Telecom have?

Djibouti Telecom has built two cable landing stations, the YAK Cable Landing Station (YAK CLS) and the Haramous Cable Landing Station (Haramous CLS). Besides th.

What is the Djibouti data center?

These include SMW3, EIG, EASSy, WIOCC, AAE1, SMW5, and YEMEN-Djibouti. The Djibouti Data Center is located just meters from the Djibouti Telecom international fiber cable landing station, and stands out as a reliable and cost-effective gateway hub to many of the fastest growing markets and service providers in Africa.

What is Djibouti Telecom?

Djibouti Telecom is today a leading strategic center for international telecommunication services in East Africa with its underlying network infrastructure including international submarine cables and terrestrial cables (between Djibouti-Somali, and Djibouti-Ethiopia).

Why is Djibouti important?

Djibouti is a significant location for submarine cables running through the Asia, Africa and Europe corridor or connecting the East Africa.

What is Djibouti Internet Exchange (djix)?

Djibouti Internet Exchange (DjIX): The Djibouti Internet Exchange (DjIX) is an open and neutral peering point, and leverages the core carrier neutral DDC ecosystem and its strategic geographical location in east Africa. Each network and participating provider is treated equally and fairly.
