

SolarInvert Energy Solutions

Energy Storage Battery Container EK Power Supply

Overview

What is a mobile energy storage system?

On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions. Maximum safety utilizing the safe type of LFP battery (LiFePO4) combined with an intelligent 3-level battery management system (BMS);

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.

What is a plug & play lithium-ion battery storage container?

Plug&Play lithium-ion battery storage container; Various usage scenarios of ongrid, off-grid, and micro-grid. All-in-one containerized design complete with LFP battery, bi-directional PCS, isolation transformer, fire suppression, air conditioner and BMS; Modular designs can be stacked and combined.

What is PCs & battery pack?

Serially designed PCS and battery pack eliminates circulating current to protect the battery system. The battery is supported by BMS, PMS and PCS system. Thanks to containerized structure, the battery system is easy for installation and maintenance. Remote monitoring of battery's current, voltage, temperature, SOC, device status.

Energy Storage Battery Container EK Power Supply

20HC 3.1MWh Container Energy Storage System ...

Product Description: Based on lithium iron phosphate battery (LFP) and power conversion technology, GC Solar designed the modular containerized battery ...
