Honduras Energy Storage Power Station

Overview

Who built the Patuca III Hydropower Station in Honduras?

POWERCHINA built the Patuca III Hydropower Station, the first large-scale hydropower project built in Honduras over three decades, and undertook construction of the El Arenal Hydropower Station in 2019. A view of the Patuca III Hydropower Station in Honduras.

What does powerchina do in Honduras?

POWERCHINA holds Children's Day donation activities in Honduras. Additionally, during the construction of the two hydropower stations, POWERCHINA donated construction materials, learning materials and sports goods to local schools and repaired the roads for local communities.

Where is El Arenal hydropower station located?

The El Arenal Hydropower Station dam fills up with water. The El Arenal Hydropower Station located in Yoro province, in northern Honduras, which has a dam with a storage capacity of 52 million cubic meters of water and a total installed capacity of 60 MW. The project started construction on Feb 15, 2019 and was completed on April 26, 2022.

Who owns Amarateca substation?

Six separate companies have submitted bids to build the 4-hour BESS project, and it will be implemented next year after evaluation and award phases are completed, Carbajal said. The Amarateca substation belongs to the National Company Of Electric Energy (ENEE), the country's main utility.

What is the Patuca III Hydropower Station?

A view of the Patuca III Hydropower Station in Honduras. As the first large-scale hydroelectric project in the country, the Patuca III Hydropower Station was the focus of major attention from the government and the general public.
