Lithium battery pack procurement

Overview

What is a lithium-ion battery pack?

The Lithium-Ion battery packs at La-Z-Boy have multiple functionalities. Here are some of them in a nutshell. Works with all La-Z-Boy power recliners, sofas, and sectionals (excluding lift chairs). Red flashing light while charging, green steady light when fully charged (approx. 5-7 hours charge time).

What is UN approved lithium battery packaging?

Our packaging is UN-approved for the shipment of Lithium Ion and Lithium Metal Batteries. It is suitable for shipment via any mode of transport. Our packaging solutions for lithium batteries include:.

What packaging solutions are available for lithium batteries?

Air Sea Containers offers packaging solutions for shipping lithium batteries, including 4DV Plywood Boxes, which are ideal for batteries over 12kg. These dangerous goods packaging options have been tested and are compliant, providing flexibility to shippers transporting lithium ion or lithium metal batteries via road, sea, or air.

Who makes lithium ion battery packs?

Our lithium ion battery pack manufacturing team can design and assemble prototypes, small production runs as well as large scale mass production. AceOn predominantly build Lithium Ion 18650 battery packs, using well known 18650 Li-ion cell manufacturers such as Samsung, LG Chem, Panasonic and Sanyo.
