

SolarInvert Energy Solutions

Marseille small container house wholesale

Overview

Comment construire une maison container ?

Pour construire une maison container, on utilise généralement plusieurs conteneurs qui sont coupés, modifiés et assemblés pour créer une structure de maison unique et solide. Les maisons container sont de plus en plus populaires car elles sont économiques, construites hors site à 90% et peuvent être transportées facilement d'un endroit à un autre.

Qu'est-ce que la maison container ?

Le reportage de la construction d'une maison container de la conception jusqu'à la remise des clés et la satisfaction des clients. Nos maisons en containers sont des modules préfabriqués "Plug and Play", prééquipés et prêts à être installés rapidement, conformes à la norme RE2020. Nous assurons leur livraison dans toute la France.

Quels sont les avantages d'une maison container ?

Everlia propose des constructions industrielles modulaires et des maisons passives, positives ou à haute performance énergétique. Le process est rapide, soigné, précis, à prix maîtrisé pour un habitat durable et économique. La maison container Everlia est l'avenir moderne et design de la construction à petit prix.
