# Nouakchott container production and wholesale

## Overview

---

How does the port of Nouakchott work?

The Port of Nouakchott accounts for 96% of import/export traffic of goods in Mauritania. The port plans to build a container terminal to increase operating capacity. Port handling is carried out by private companies, which can also look after wharf handling. Cargo clearance is quite straightforward.

What does Nouakchott do?

We manage, operate and develop the Nouakchott port and industrial area and are responsible for ensuring safe and expedient shipping services. We are proud of our current port and are working hard with our partners to build the port of the future. Looking ahead, we aim to create an environmentally-friendly, inclusive and safe port.

How will the port of Nouakchott contribute to Mauritania's economic development?

The Port of Nouakchott accounts for almost all the imports for the domestic market. This new terminal will contribute significantly to the economic development of Mauritania by supporting the growth of its import traffic but also by participating in the development of export sectors (particularly in the fishing and copper).

Where is Nouakchott located?

Nouakchott is located on the Sahara Desert's West African Atlantic coast.

Where can I buy food in Nouakchott?

In Nouakchott, you can find food at supermarkets, butcher shops, open-air markets, bakeries, door-to-door vendors, and the fish market. There are also numerous smaller shops that sell groceries.

How many quays does Nouakchott have?

The port has a total length of 1485 metres, divided into seven quays, including three quays with a length of 585 metres and a draft of 9.3 metres and four quays with a length of 900 metres with one 12-metre draft, as well as an oil dock. The Port of Nouakchott accounts for 96% of import/export traffic of goods in Mauritania.
