

SolarInvert Energy Solutions

Portuguese capacitor energy storage equipment manufacturer

Overview

Why should Portugal be a reference space for innovation in batteries?

To promote the national value chain and innovation ecosystem in the international market for energy storage technologies and materials, positioning Portugal as a reference space for innovation in batteries.

How many energy storage tech startups are there in Portugal?

There are 31 Energy Storage Tech startups in Portugal which include Fusion Fuel, Powerdot, miio, EVIO, C2C Newcap. Out of these, 13 startup s are funded, with 7 having secured Series A+ funding. Over the past 10 years, an average of 2 new companies have been launched annually. 1. Fusion Fuel Provider of solar energy-based hydrogen generation.

How can we strengthen the competitiveness of the Portuguese industrial value chain?

To strengthen the competitiveness of the Portuguese industrial value chain and innovation ecosystem in batteries and energy storage technologies, through the development and transfer of new sustainable and disruptive technologies to the global market.

What is battery Cluster Portugal?

Contribute to positioning Europe as a leader in battery technology and production Mitigation of the climate crisis Open to technology, innovation, and the creation of added value Battery Cluster Portugal é uma associação sem fins lucrativos que incentiva a I&D e os negócios relacionados com sistemas de armazenamento de energia.
