

## SolarInvert Energy Solutions

# Small outdoor solar charger

## Overview

---

We tested 19 solar chargers from BigBlue, FlexSolar, Goal Zero, Biolite and more to find the best for your setup. What is the smallest solar charger?

Weighing a mere 220 grams and folding down to a small wallet format, the Photon solar power bank is the smallest solar charger that exists. It is perfect for campers, hikers, climbers and cyclists who want enough power to charge their smartphone quickly but who need to keep the weight they carry to a bare minimum.

What is a solar power charger?

There's a lot to understand about solar power chargers, but at their heart, a small solar panel consists of several photovoltaic cells grouped together to absorb some of the sun's energy and convert it into an electric charge that you can use to charge electronics.

Which solar charger should I buy?

If you're seeking a super portable solar charger for the backcountry or something small, affordable, and durable for your daily life, this is worth consideration. Or, for a larger and more powerful but still portable panel, we recommend the SunJack 25W. It weighs 29.4 ounces, 17.05 more than the Nomad 5, but it has a better charging speed.

What is a USB solar charger?

☐usb solar chargers☐Built in 1\* USB-A and 1\*USB-C output ports. Each ports is max 15w and the max power of the each port is 10W in case of the both usb is used togher. It can charge directly your phones,power banks, usb fans,tablets,watches and other medium small usb 5V electronic devices in the sunlight.

Why should you buy a portable solar panel Charger?

This is made possible by the ETFE high light transmission film, allowing you to

get the most out of the sun's energy. [Convenient and Versatile Charging]: With 2 USB outputs, this portable solar panel charger allows you to charge multiple devices simultaneously.

What is a photon solar charger?

Equipped with 5 small solar panels featuring high-efficiency photovoltaic cells and an integrated powerful power bank with a USB port, the Photon is not only an eco-friendly and compact solar charger, but also a versatile solar power source to charge your smartphone, camera, and all your other electronic devices during your outdoor adventures.
