New England's Leading Solar Installer The Boston Solar Team has delivered customized solar energy solutions to over 6,000 households in New England for the past 13 years. Recently, we have expanded into the commercial market, completing projects for small businesses and even the iconic Fenway Park, home of the Red Sox.

Are solar panels a good investment in Boston?

Boston receives a decent amount of average daily sunlight, which allows solar panels to generally produce enough energy to power a whole home. The extent of energy savings depends on how much energy your household uses. Installation of solar panels can be a good investment in Boston.

Is it a good idea to go solar in Boston?

Going solar in Boston has many benefits beyond saving money. One of the primary advantages is helping save the Earth. In Boston, SunPower by BlueSel

Home Solar is the most reputable local solar installation company.

How much does solar cost in Boston?

The average price of solar is about \$2.3 to \$3.44 per watt in Boston, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.
