

SolarInvert Energy Solutions

Solar powered trailer mobile lighting

3.2v 280ah

Overview

Mobile solar-powered light tower trailers designed for roadworks, emergency response, and public safety. Quiet, zero-emission, and easy to deploy on any terrain. What types of solar mobile lighting trailers are available?

Depending on the function, we offer normal type (Standard), Automation type, trailer type and other type series. YGNE YST-7000LH Large solar mobile lighting trailer has a movable body, 1840W solar panel, 7-meter manual or automatic telescopic mast, 4*150W high-brightness LED floodlights.

What is a mobile solar light tower?

The mobile solar light tower is a portable lighting system integrating solar panels, LED lighting, intelligent control, 4G monitoring system, communication base station, and a hybrid battery storage of solar and grid electricity, suitable for various temporary or long-term lighting needs.

What is a mobile trailer solar power system?

A mobile trailer solar power system is a fully transportable solar power system designed to supply relatively small remote houses, radio repeater equipment, and other remote loads. Priced similarly to an installed system of the same capacity, it features 240VAC pure sinewave output and more than 4 days of battery backup capacity.

How big is a mobile light trailer?

Medium Model mobile light trailer, height 9 meters (29 feet), can illuminate 1500 square meters, equivalent to lighting up 3 standard basketball courts; suitable for construction sites, disaster relief, mining areas, etc.

How does a mobile lighthouse work?

The solar panel uses monocrystalline 4*460W. The mobile lighthouse collects solar energy through solar panels and converts it into electrical energy that is stored in batteries.

What is a mobile solar lighthouse?

The core of the mobile solar lighthouse lies in its efficient solar panel design. These carefully arranged solar panels can maximize the absorption of sunlight, convert light energy into electrical energy, and store it in the built-in battery.
