Uninterruptible power supply for Zagreb electricity

Overview

What is an ups/no-break system (uninterruptible power supply)?

But with our UPS/No-Break system (Uninterruptible Power Supply) you don't have to worry. Our UPS systems are designed to seamlessly take over the mains power in the event of a power outage. This means that even when the emergency generator is started, essential installations and systems continue to run. No interruptions, no downtime.

What are the critical power supplies in Croatia?

Critical power supply of Croatian Radio Television, RTL, Novi List, Aluflexpack, DGU, Croatian Telecom, TELE2, Pliva Research Institute, Shipyard Uljanik, etc., data centers in Shipyard Viktor Lenac, Agrokor, Konzum, Megatrend, Plodine, Croatian Motorways, SRCE, Datacross, Trokut Zitnjak VIPNET and many others.

What are the requirements for power supplies and ups in critical infrastructures?

Specific requirements for power supplies and UPS systems in critical infrastructures concern reliability, robustness, and security: UPS systems ensure an uninterrupted power supply during power outages and enable an orderly shutdown of systems during prolonged outages.

What is an uninterruptible power supply?

An uninterruptible power supply is an electrical apparatus designed to furnish emergency power even when other sources of input power fail, and they are indispensable tools within a huge number of unrelated industries.

What is a three-phase online modular uninterruptible power supply system?

Three-Phase online modular uninterruptible power supply systems from the Modulon UPS family offer scalability and redundancy in a single frame, with up to 600 kVA. Delta's UPSs are some of the most advanced in the industry,

renowned for their innovation, reliability, and efficiency.

Can Puls power an uninterruptible power supply?

Currently, PULS offers two options for an uninterruptible power supply to the load in an emergency: both double-layer capacitors and lead-acid batteries can serve as energy storage in DC-UPS systems for industrial applications.
