

SolarInvert Energy Solutions

V high power inverter

48V 100Ah

Overview

What is a high efficiency power inverter?

High efficiency power inverters which use a modified sine wave to power 230V mains equipment from a 24V battery • Designed to work with most modern day lorries or marine power systems that run of a 24V alternator • Over 85% efficiency • Soft start minimise.

What is a 400V inverter?

The 400V inverter is the brain at the heart of the electric powertrain, it controls the electric motor. It converts Direct Current (DC) from the battery to Alternative Current (AC) to power the electric motor.

What is a 3-level 800 V Gan inverter?

Pushing the efficiency limits with 3-Level 800 V GaN inverter, hofer powertrain brings a vast expertise in developing inverters utilizing future-proof technologies such as GaN semiconductors and achieves outstanding results specifically for high-power and high-frequency powertrain applications for various modern vehicle types.

What are the different types of inverters?

Inverters Inverters Inverter Compact 1200VA - 2000VA 12 / 24 Volt Inverter 3000VA - 5000VA Inverter Smart 1600VA - 5000VA 12 / 24 / 48 Volt Sun Inverter 12V|250VA and 24V|250VA Inverter VE.Direct 250VA, 375VA, 500VA, 800VA, 1200VA Inverter RS Smart 6000VA Inverter RS 48/6000 230V Smart Solar 6000VA Experience the power of Victron Energy monitoring.

What is a Rs smart 6000 volt inverter?

Inverter RS Smart 6000VA Inverter RS 48/6000 230V Smart Solar 6000VA Experience the power of Victron Energy monitoring With the most current free-to-use monitoring solutions on the planet you can manage it all from anywhere in the world.

What is the difference between a 3-level inverter and a phase-to-phase E-motor?

It controls the voltage waveform of the output with 3 electric potentials of phase-to-phase voltage while our new 3-level inverter has 5 different electric potentials. The output waveform of the 3-level inverter is closer to a sinusoidal curve, resulting in a reduction of harmonic losses in the e-motor and improved NVH characteristics.
